

BLOOD IS SHED AT MAFEEKING

British and Boers in a Gory Engagement.

BATTLE CONTINUED SATURDAY AND SUNDAY.

English Retired, But Later Renewed the Attack, and Refugees Say That the Burghers Were Repulsed With Heavy Losses—Armored Train Also Engaged Omi Paul's Men Near Spytfontein, Killing and Wounding Seven—War News.

Cape Town, Oct. 17.—[Special]—The attack on Mafeking is in earnest this morning. The battle proceeds stubbornly. The Boers are attacking on the north of the town and were repulsed three times.

They renewed the assault for the fourth time and then Gen. Cronje came up from the south with his artillery. The Boers have lost twelve killed so far.

Cape Town, Oct. 17.—[Special]—Advices from Pretoria which have been received here confirm the story of heavy fighting at Mafeking Saturday and Sunday. The British forces retired toward the city after the second attack, but returned later and resumed the engagement.

Three Burghers were killed and five were wounded in the various fights. Refugees from the Transvaal who have arrived at Lorenzo Marques report that the Boers were repulsed at Mafeking in the early fights, suffering heavy losses. These stories all confirm the earlier news.

Boers Lose Heavily. London, Oct. 17.—[Special cable]—A Central News dispatch reports that three hundred Boers and eighteen British were killed in the engagement at Mafeking.

Cape Town, Oct. 17.—[Special Cable]—A party of refugees who have just arrived at Lorenzo Marques from the Transvaal report that the Boers were repulsed at Mafeking, suffering heavy losses in the engagement. The fighting at Mafeking continued Saturday and Sunday. The heavy engagement took place Saturday. After the second engagement the British retired in the direction of the town, but resumed the attack later on, killing two Boers and wounding three.

An armored train, while on a reconnoitering expedition near Spytfontein also engaged the Boers, killing it is said, five Boers, and wounding seven. In the engagement the British suffered no casualties.

Boer Advance Checked. Cape Town, Oct. 17.—[Special]—It is reported that the British have blown up the railroad bridge over Orange river at Hopetown. This would hinder further Boer advance to the south. The Boer engineer corps with a quantity of dynamite, has gone to the south border of the Transvaal.

Parliament in Session. London, Oct. 17.—[Special Cable]—An extraordinary session of parliament opened today. The queen's speech was devoted exclusively to the Transvaal trouble and urged the immediate strengthening of the British forces in South Africa.

Pretoria, Oct. 17.—Gen. Kock of the Transvaal army occupies Newcastle with a strong force of burghers. The town was taken Saturday, the British forces having retired to Ladysmith.

Commandos from the Orange Free State and the Transvaal are now advancing into Natal in separate converging columns, with arrangements completed, apparently, for a junction near Ladysmith. The southern commandos of the Orange Free State are threatening Allival North and investing Kimberley, and important news from the latter town is expected hourly.

The burghers have destroyed the bridge over the Molopo river at Mafeking.

A whole trainload of dynamite on the Cape railway in Bechuanaland has been blown up by the Transvaal commandos operating there. The locomotive escaped to Mafeking amid a heavy fire from the burghers.

Kimberley Isolated by Boers.

London, Oct. 17.—The center of interest is Kimberley, which has been isolated by the Boers by the destruction of the telegraph lines at two places on the Cape Colony side. The place is well garrisoned and well supplied with guns, however, and though no reliable news concerning the situation can be obtained, only the usual reports that "fighting has begun," no

anxiety is felt here for the safety of the city's defenders.

Unauthenticated rumors state that the Boers are chiefly anxious to capture Kimberley owing to the presence of Cecil Rhodes, but the further rumor that they have offered £5,000 for his capture, dead or alive, is not believed. All the news from Mafeking thus far is speculative, but it is believed that the city is secure. News of any disaster there would surely be quickly spread by the Boers.

Boers to Meet at Glencoe.

Dundee, Oct. 17.—The New York Journal correspondent cables: The Boers' main force is now lying between Ingagane and Newcastle and the outposts occupy Dannhauser. The invaders are in three columns, with Gen. Joubert in command. The western column is composed of Transvaal troops, Orange Free Staters and Hollanders, with base of operations at Bothas pass.

The eastern column is very large, and has entered Natal from Wakkerstroom. Gen. Joubert, with the middle column, has marched through Laing's Nek. All are aiming to center on Glencoe.

The Free State army, estimated at 13,000, is watching the passes of the Dualenberg mountains.

Drawing Near British Lines.

Cape Town, Oct. 17.—The New York Journal correspondent cables: There has been no fighting in Natal yet, although the Boers in large force are generally drawing near the British lines. The situation at Kimberley, Vryburg and Mafeking can only be surmised, as all communication is out of. There are many rumors of attacks and repulses at these three towns, but no authentic news.

Cape Town is deeply stirred, especially over the so-called betrayal of Mafeking by the Cape cabinet. Many Cape Town residents have relatives in Vryburg and Mafeking, and they are furious at the cabinet's refusal to allow the Cape Town volunteer artillery to proceed to Mafeking. Only for the intimation that the volunteers would be mobilized immediately, rioting must have occurred.

Dispatches via Orange river from Kimberley say that the wives have been cut between Kimberley and Vryburg, and it is believed the Boers are attacking Vryburg.

There is great anxiety over a possible uprising of the Dutch in Cape Colony, with many opinions on both sides. Boer successes and actual invasion will certainly receive great sympathy, but the question of actual uprising is still problematical.

Seek to End the Boer War.

Paris, Oct. 17.—The count of Montebello, French ambassador to Russia, has been given the grand cross of the Legion of Honor on the occasion of the visit to Paris of Count Muraviev, the Russian foreign minister. This is taken as an indication of the close union between France and Russia on pending political questions, notably the South African dispute. Both France and Russia are still eagerly seeking some means to bring about a peaceful solution of the Anglo-Boer quarrel.

Canadian Officer to Lead.

Ottawa, Oct. 17.—The Canadian contingent to South Africa is to be allowed to serve with the British forces as a distinctive Canadian brigade. The highest satisfaction is expressed in military circles upon the change of plan. The contingent (1,000 strong, under Col. Otter, a Canadian officer, who has seen service) will sail from Quebec by the Allan line steamship Sardinian on Oct. 24. The voyage to South Africa is expected to occupy one month.

Will Vigorously Prosecute War.

London, Oct. 17.—The New York Tribune correspondent cables: Parliament meets with every indication that the two main parties will unite in voting supplies for the war without controversy or partisan bickerings. The small group of Irish members may offer some opposition, but public opinion is strongly in favor of the vigorous prosecution of the war and the loyal support of the government.

Communication Is Cut Off.

Washington, Oct. 17.—The state department has been informed by the cable companies that telegraphic communication with the Transvaal has been completely interrupted. The department is thus cut off from communication with United States Consul Marum, at Pretoria.

Armed Plans to Aid Boers.

Washington, Oct. 17.—Plans are being made here for sending an American filibustering expedition to the Transvaal. The chief promoter of the scheme is said to be Major George A. Armes, a retired army officer.

FRENCH PLAN TO DIVIDE ASIA

Dream Now Is Formation of United Europe Against Britain.

Paris, Oct. 17.—The Transvaal war, which has shown to continental Europe the real weakness of the British army, serves as an excuse for the revival of the dream of progressive French diplomats to form a United States of Europe, the old world Latin-Muscovite races against the Anglo-Saxon, aided by Russia and Germany, with whom the pourparlers are now actually in progress. France expects to dominate the world as the head of such a coalition.

PRESIDENT M'KINLEY ON HOMEWARD WAY

LEFT MILWAUKEE THIS MORNING FOR THE EAST.

People Paid Him a Splendid Tribute During His Stay—Banquet Served at the Pfister Hotel—Many Speeches Were Made in Iowa and Wisconsin.

Milwaukee, Oct. 17.—[Special]—President McKinley started on his homeward journey this morning. Milwaukee gave him a splendid testimonial yesterday, and last night he received the greatest ovation ever accorded to any one in this city. The crowds cheered him wildly at every turn.

Milwaukee, Wis., Oct. 17.—The presidential party arrived in this city at 7 o'clock Monday evening. The streets about the Northwestern passenger station were jammed with people, while the heights of Juneau park were crowded with men and women who had waited patiently in a misty rain for just one peep at the chief executive of the nation. A salute from the guns of the First light battery welcomed the president. The party was driven to Hotel Pfister, only three blocks distant, where the president rested for an hour.

At 8 o'clock the president left the hotel for the Deutscher club. The drive up Grand avenue to the Deutscher club was a continual ovation for the president, the cheering being both steady and sturdy. At the clubhouse the president stood on a slightly raised platform and for an hour a steadily flowing stream of humanity swept past him.

At the conclusion of the public reception the president was driven to the Hotel Pfister, and after a short rest he entered the banquet hall.

President McKinley in his speech dwelt chiefly on the policy of the administration in the Philippines. He said: "We are in the Philippines; our flag is there; the first requirement, the indispensable requirement, is peace. No terms until the undisputed authority of the United States shall be acknowledged in every foot of territory of the archipelago. After that congress will make a government under the sovereignty of the United States. In no other way, gentlemen, can we give peace to the national conscience or peace to the world."

Secretary Long's speech was more pronouncedly imperialistic than that of the president. He said that if imperialism meant tyranny, oppression and injustice, there was not an imperialist in the country, but if imperialism meant justice, the spread of enlightenment and the benign dominance of the stars and stripes, there was not a man in this country who was not an imperialist.

Trip Through Iowa.

The president made six more speeches than he had planned for in the trip across Iowa from Sioux City to Dubuque. He spoke briefly at Iowa Falls, Ackley, Cedar Falls, Parkersburg, Waterloo, Independence, Manchester, and Dubuque. At every stop the party was greeted with enthusiasm. The speeches all dwelt strongly on the necessity of restoring order and maintaining our sovereignty in the Philippines.

Trip Across Wisconsin.

At Galena, Ill., Benton, Ipswich, Livingston, Montfort Junction, Dodgeville, Barneveld, Mount Horeb, Lake Mills and Jefferson Junction, in Wisconsin, five-minute stops were made to enable the president to say a few words to the waiting crowds. At Madison the president was conducted to the capitol building, where he addressed a great crowd gathered on the lawn. He declared that it was as futile to forbid the expansive growth of the United States as it would be to order a 12-year-old boy to stop growing. At Waukesha the president spoke for only five minutes.

H. D. MURDOCK SECRETARY

Succeeds F. C. Haselton in the Rock County Building and Loan Ass'n.

An adjourned annual meeting of the board of directors of the Rock County Building Loan and Savings association was held last evening at the office of the secretary, Frank C. Haselton.

Miss Lizzie Patterson and H. F. Bliss resigned as directors, and their resignations were accepted. Miss Jessie Ioman was elected a director in place of Miss Patterson and C. D. Child in place of H. F. Bliss.

The resignation of Frank C. Haselton as secretary and director was received and accepted and H. D. Murdock was elected secretary and director to succeed Mr. Haselton.

Officers were elected as follows: President—S. C. Cobb. Vice President—P. J. Mout. Treasurer—Stanley B. Smith. Board of Managers—S. C. Cobb, P. J. Mout, H. D. Murdock, C. E. Ranous and Archie Reid.

Board of Appraisers—P. J. Mout, F. E. Bifford and Fred Feltz. P. J. Mout and E. A. Hyde were appointed to check up the books and accounts of the retiring secretary.

TEMPLE IS HIRED BY BELOIT ELEVEN

MADISON MAN TO TRAIN THE FOOTBALL TEAM.

One of the Best Known Experts in This Line in the Country—Old Resident Dies From the Injuries Received in Falling From His Wagon.

Beloit, Wis., Oct. 17.—[Special]—James Temple, one of the best known and most successful men in athletics in the west has been secured by Manager Pollock to train the football men. Mr. Temple has been at Madison for the past two years in charge of the physical training of the track, football and baseball teams of the university. This will be a great help to Coach Hollister as Mr. Temple will have charge of the men while off the field. The men are doing their best as they expect to win the game with the University next Saturday.

N. C. Fossum died at his home on West E street, Beloit, aged sixty-two years. He was injured by falling from a wagon last week, and this, combined with an attack of grip, caused his death.

Mr. Fossum was a native of Norway, and came to this country fifty-one years ago, settling on the farm in the town of Newark, where he made his home until three or four years ago, when he moved to Beloit. He leaves a widow and five children, Freeman and Magna Fossum of Newark, Oscar Fossum of Avon, Emma Fossum, and Mrs. G. O. Gulack of Ashland, N. D.

INSURGENTS ACTIVE

Filipinos Attack Angeles in a Spirited Manner But Were Repulsed By the Americans.

Manila, Oct. 17.—The insurgent forces made a fierce attack upon Angeles early this morning. They covered the advance of their infantry by a heavy artillery fire from cannon which in all probability were some of those captured from the gunboat Urdaneta, which was captured by the Filipinos while patrolling the northern shore of Manila bay.

The rebels were repulsed after a sharp fight. Col. Smith and the Twelfth infantry moved out of Angeles, and, making a flank movement, swept the rebel lines with a hot fire and forced them to retire. Plans are in progress of formation by which it is expected a demonstration will be made against the Filipinos about Angeles. During the fight one American soldier was killed, while seven were wounded.

Civil war is reported to be the result of the attack made by the followers of the sultan of Jolo upon the followers of Dato Jokanina in which nine of the latter were killed and their mutilated bodies left on the beach near the town of Jolo.

The insurgent capital has been moved again, according to reports brought to Manila by escaped prisoners. It has been taken from Talarac, and Aguinaldo has set up his government in the mountains to the west of that city.

The insurgents are very active about all points which are held by the American troops. Every day one hears of a new plot on the part of the insurgents to attack the towns which have American garrisons.

PLANS FOR ATTACK ON ILOILO.

Insurgent Leader Threatens to Massacre Americans There.

Manila, Oct. 17.—Mail advices from Iloilo state that there is great tension between the Visayans and Tagalos, growing out of the Tagalos holding Arana, a leader of the Visayans, a prisoner since the threatened Visayan revolt against Tagalo domination a month ago.

Four thousand Tagalos, who have been held in reserve at Capiz, in the northern part of the province of Panay, last week embarked in cascos, the fleet's purpose being to land at Concepcion, whence the troops would march to Santa Barbara. Adverse winds prevented the landing, however. Gen. Pailon's forces, from Buena Vista, are also reported to be going to Santa Barbara.

The insurgents will have 12,000 men and 3,000 or 4,000 rifles there. Gen. Magbana, according to letters, plans to attack the suburbs of Iloilo with this force, carry the city, and slaughter the Americans.

A body of Tagalos, estimated to number between 500 and 1,000, recently crossed from Santa Barbara to Escalante, on the island of Negros, for the purpose of aiding Intepasio's bandits in keeping under restraint the inhabitants, who are friendly to the Americans.

An Introduction.

Herr Goetze, the tenor, had to travel from Cologne to Frankfurt and appear the same evening in "Lohengrin." He just arrived at the wings in time to "go on." After vanquishing the villain who aspersed her he embraced the beautiful heroine. As he did not know her, he whispered while holding her fondly in his arms, "Allow me to have the honor of introducing myself to you. My name is Goetze, of Cologne."

H. D. SLOAT GOES TO CHICAGO

Manager of the Local Postal Telegraph Office Is Promoted.

H. D. Sloat, who has held the position of manager of the local office of the Postal Telegraph company, has received a well merited promotion, and will leave Janesville about November 1, for Chicago to take charge of one of the Postal Company's branch offices.

Mr. Sloat has many friends in Janesville who will be glad to hear that he has been advanced. He has always been an accommodating official, and business relations with him could but be the pleasantest. Under his management, the local office has afforded the best possible service, and patrons of the company, while sorry to see him go, will be pleased to know that the move is to his advantage.

SAY BRYAN'S TALK IS AIDING CAUSE

Kentucky Democrats Are Jubilant Over the Stand Taken by Their Boss in the Local Campaign.

Frankfort, Ky., Oct. 17.—[Special]—Col. Bryan continued his tour of Kentucky today. Mr. Goebel and his managers are jubilant over Col. Bryan's utterances as to the local features of the campaign. Mr. Goebel's friends confidently believe that Bryan's presence in the state is accomplishing all that was hoped for. At Versailles, the home of Joe Blackburn, Bryan put great energy into his speeches and the crowd proved to be one of the most enthusiastic on the trip. Mr. Blackburn was given a rousing send-off.

HOT FIRE AT CHICAGO

Building at 130-136 West Washington Street Is Destroyed Early This Morning.

Chicago, Oct. 17.—A blaze which started on the third floor of the six-story building, 130-136 West Washington street at 1 o'clock this morning gave the fire department a fierce struggle. The loss is estimated at \$50,000. The tenants who sustained the heaviest losses are: I. Pieser & Co., flour, \$10,000; Chicago Folding Box company, \$10,000; Imperial Electric Plating company, \$5,000; Walker, Ehrman & Co., manufacturers of bicycle parts, \$5,000. The loss to the building is estimated at \$50,000.

La Prairie News Notes

La Prairie, Oct. 17.—Mrs. McLean has been visiting Miss Bessie Scott. Two farmers on Creamery street were each obliged to kill a horse on account of old age. Corn husking and stacking are well on their way. A great many are complaining of soft corn this year. Mrs. Bertha Tarrant, whose death took place in Milwaukee, spent her girlhood days in this place, where she had many friends, from whom the afflicted family have the deepest sympathy. She was a lady of a loving disposition and many other good qualities. She will be greatly missed by all who knew her. Henry Waite is very little better. The crowd at T. A. Read's auction was very large indeed. His stock, machinery, etc., sold well. Although Mr. Raymond is young and of little experience he discharged the duties as auctioneer in a very able manner. Don Pollock's death was a sad surprise to all, however it was widely known that he was in poor health. He leaves a large circle of friends to mourn his loss. The L. M. B. S. will hold their next meeting Thursday afternoon of this week and as a question of very great importance is to come before the meeting every member is requested to be present. Two new windmills were raised at the homes of Frank Finch and Robert Schleuter. Arrangements are being made for a series of dancing parties at the Grange hall. The La Prairie Sunday school will give their closing social at the Grange hall on Tuesday evening, Oct. 24. A literary program and supper will be the chief features of amusement. Rev. S. G. Huey delivered a very fine sermon to a crowded house last Sunday afternoon. A dancing party will take place at the Grange hall next Friday evening. All are invited to be present. A drove of cattle pastured on the Davis farm and owned by C. Kemmerer and Dick Oberon, are suffering from pink eye.

SHAMROCK LOSES ON "A FLUKE"

Challenger Met With an Accident Today.

THE TOPSAIL WAS CARRIED AWAY BY A SQUALL.

Under the Rules, Accidents Do Not Count, So the Columbia Sailed the Course Alone, and Was Declared the Winner of the Heat as Per the Agreement Made—Challenger Was Outfooted and Outpointed in Today's Contest.

The Highlands, N. J., Oct. 17.—[Special]—The Columbia won today's race by a fluke, the Shamrock meeting with an accident.

Highlands, N. J., Oct. 17.—[Special]—The yacht Columbia were early astrir this morning examining the yacht to see that no part was strained or broken in the race of yesterday.

Like activity was also displayed on the Shamrock. A rattling yachting breeze is blowing now with a velocity of ten or twelve knots per hour. The fog and haze has almost completely lifted at 8 o'clock and the racers left for the starting point under tow about nine o'clock.

The betting of today showed the result of the Columbia's victory yesterday. The odds on the Yankee boat are now ten to six.

The starting signal was given at 11 O'clock. The Shamrock crossed the line first. The Shamrock's immense topsail, of which so much has been written, was hoisted. The Shamrock's lead over line was a good one, and three boats lengths seemed to separate the racers. After crossing the line the challenger tried to outfoot her rival instead of outpointing her.

A few minutes after the start the Columbia began to cut down the Shamrock's lead, and was clearly outpointing her. The wind was growing stronger every minute, and at 1:25 the Shamrock's club top sail was carried away. The Britisher immediately turned about and started for home. The Columbia appeared slightly in the lead when the accident occurred.

The Columbia continued to sail around the course as under agreement, entered into by the owners, it is stipulated that should either boat be disabled the other boat shall sail over the course alone.

The Columbia turned the first mark at 12:03.

The damage to the Shamrock is not yet known, but it is doubtful if she will be able to race tomorrow.

The wind continued to blow strong after the Columbia rounded the first turn, and the prospects for her finishing within the time limit were good.

The Columbia went round the second stake at 1:32 p. m. The run home was made in quick time, and the cup defender crossed the finish line within the time limit, thereby winning the race under the rule.

Yesterday's Contest.

New York, Oct. 17.—The Columbia may have won the first of the series of races with the Shamrock for the international championship and the America's cup. Sir Thomas Lipton's green-hulled challenger, the Shamrock, which has appeared so slippery in light airs and baffling breezes, was beaten over a sea course of thirty miles, fifteen on the wind and fifteen with the wind astern. The elapsed time of the victorious boat, the Columbia, was 4:53:53, or 10:14 better than that of the Shamrock, which covered the course in 5:04:07. Deducting her time allowance of six seconds, the Shamrock was vanquished by 10:08.

The contest, which was fairer than any ever sailed off the Hook, may be said to demonstrate that the Columbia is the better craft in a light or moderate breeze, knifing her way to windward through smooth seas, and that she is also superior by a minute or more in a following breeze of moderate power. Yachtsmen who had seen the Columbia and Defender in mild weather battles declare that the latter yacht could have handily beaten the Shamrock under the conditions prevailing Monday.

The yachts will go out today to sail another race. This time it will be over the triangular course of thirty miles, ten miles to the leg.

The splendid showing made by the Columbia changed the spirits of all New York. The betting is now at long odds in favor of the native yacht, and yachtsmen are predicting that she will win the next two races.

FORECAST OF WEATHER

Chicago, Oct. 17.—[Special]—Forecast for Wisconsin:

Partly cloudy tonight; Wednesday.

Increase of Labor Organizations.

Washington, Oct. 17.—The executive council of the American Federation of Labor met here Monday. The secretary's report shows a marvelous increase in the number of organizations formed and affiliated. The income of the organization more than doubled that of the year 1898.

ROCK COUNTY NEWS IN A LINE OR TWO

NEW SUPERVISOR FROM MILTON VILLAGE.

W. B. Maxon Reported to Have Been Appointed—Other News of Milton Town—Clinton Man Sues For Damages Because of a Fall—Talk From the Townships.

It is reported that the board of supervisors have appointed W. B. Maxon of this village, as supervisor, to fill the vacancy caused by the resignation of O. T. Vincent. If this is a fact, and Mr. Maxon accepts the position, the board will secure an excellent co-laborer, and a town an efficient supervisor.

W. M. Davis came down from Mankato, Friday, and reports a successful business trip.

Dr. W. H. Borden went to Marshfield Saturday, to visit Superintendent J. B. Borden and family.

B. Frank Collins and wife of Minneapolis, spent Sunday with relatives at the Junction, and called on relatives in this village. They were on their way home from the east, where Mr. Collins had purchased five thousand barrels of apples for the commission firm of which he is a member.

Miss A. T. Chapman, who is en route for Florida to spend the winter, is spending the week here as the guest of Mrs. W. W. Clarke.

W. A. Clarke returned last Friday from Alden, Minn., where he has been for some time looking after his farm interests.

W. Auderiss of Moundville, was a visitor in the village, Friday.

The July temperature and April showers of last Friday were an eye opener to visitors who were not accustomed to our delightful Wisconsin climate.

Mrs. J. H. Steer of Lexington, Neb., is visiting Mr. and Mrs. E. D. Bliss.

R. W. Clarke went to Milwaukee, Monday, to see President McKinley. The period of wetness that this locality is being favored with is just what the soil needs to prepare it for winter's zero days.

The Rock county jury commission evidently are not after first class jurymen for the circuit court, or they would have drawn some Milton men for the coming term.

DEATH SHOCKED FAIRFIELD FOLK

Demise of Mrs. E. F. Welch Causes Sorrow—Other News Notes.

Fairfield, Oct. 17.—This neighborhood was shocked to learn of the sudden death of Mrs. E. F. Welch, which occurred at her home in Delavan, October 11. Mrs. Welch resided in this vicinity over thirty years, and was widely known. Her home was ever open to her friends, and a cordial welcome always greeted one and all. A large number of her old friends gathered on Sunday, October 15, to pay the last tribute of respect. With sad hearts, the thought came, that one more old neighbor had gone. Who next? "Watch, therefore, for you know not what hour your Lord doth come."

Charles Clowes of Washington state, is visiting his son at this place. W. W. Eykeman is planning to move to Darien soon. Howard Wilkins will work H. Wilkins' farm the ensuing year. Earl Wetmore has sold his milk route. A. Capen moves to a farm near Darien and Charles Babcock of Darien, takes possession of W. Chesbro's farm. Mrs. W. W. Dykeman has returned from visiting her daughter in New Jersey. Messrs. Rice and Palmer of Delavan called a factory meeting at this place last Saturday evening and made arrangements to open the creamery Nov. 1. The farmers are beginning to realize the need of a factory in this vicinity and are anxious to encourage these parties in the enterprise.

North Johnstown Gossip

North Johnstown, Oct. 17.—Emory Cary and Mrs. T. Rice, who have been so very sick, are gaining slowly. Misses Pearl and Eda Wheeler and Mr. and Mrs. Richard Cary were guests at H. B. Osborn's, Friday. Frank Wheeler and wife of Whitewater, were in this place Sunday. Remember the meeting of the Cemetery Association Monday evening next. Miss Lura Burdick of Milton Junction, has been engaged to finish the term of school at the Stone school house, and began Monday. The next meeting of the W. C. T. U. will be held with Mrs. H. Williams, Thursday afternoon.

Mr. and Mrs. George James of Belles Plaines, Iowa, arrived here Monday for a few weeks visit with friends and relatives at this place. George was formerly one of the River boys and his here for his health as he is just recovering from typhoid fever. Mr. and Mrs. Orlo Vincent and family and Mr. and Mrs. Frank Burnham and family started last week for their new home at Magnolia, Minn., and Reville, Minn. The best wishes of a host of friends follow them. Mrs. George Bassett of Otter Creek, spent Saturday with her sister, Mrs. Lola Vincent. Mr. Burnham of Hebron, accompanied his son Frank Burnham to Minnesota. About twenty relatives and friends spent Sunday at the home of Mr. and Mrs. N. M. Rose in honor of Mr. and Mrs. George James.

A CLINTON MAN SUES THE VILLAGE

Charles E. Jones Seeks Damages For Injuries Received

Clinton, Oct. 17.—Charles E. Jones, proprietor of the "Senate" an east side sample room, has legally notified the village of Clinton of injuries which he claims to have received on October 5th by a defective crossing at the corner of School and Cross streets. The crossing in question is constructed of plank of unequal thickness, making a jog where the ends meet of one inch. The night was very dark, there being no street lights, and Mr. Jones stumbled and fell on his knee sustaining an injury thereby of a painful nature and which causes him to walk desidiously lame. The papers were drawn up by Lawyer J. J. Cunningham of Janesville and served Saturday on Trustee M. M. Murray. Mr. Jones now awaits the village board's action on the matter and hopes they will arrive at a satisfactory settlement. The supervisors of the town of Bradford have sold at public auction the material in the old Carver bridge east of here, and which is to be replaced this fall by a modern steel structure. W. O. Duthie bid \$12.50 and got the plank. The timbers were knocked down to J. B. Adams at the same money. Will Newman took the old iron at \$5.00. W. B. Welliver had the job of removing the

ROCK COUNTY COMPANY TO INAUGURATE PLAN.

Council Accepts the Proposition, and Passes an Ordinance to Protect the Booths—Stone Crushing Plant Accepted and Ordered Paid For—The Other Business Transacted.

At the regular meeting of the common council held last evening, the aldermen decided to:

Accept the proposition of the Rock County Telephone company to put telephones in public stations on the street for free use of the people.

Amend the sidewalk ordinance, accepted the stone crushing plant, and ordered it paid for.

Aldermen Fifield and Kothman were the only absentees.

A committee from the typographical union was present to ask that the council committee report on the request that the city use the union label on all city printing. The committee, however, asked for further time, and the request was granted.

An order was passed refunding \$9.70 to the American Express company, that being the amount of taxes wrongfully paid to the city.

The action of the highway committee in hiring Charles A. Potter to superintend the paving of Milwaukee street, was confirmed.

An arc light was ordered placed at corner of Logan and Bostwick avenues.

Ald. McLean put in an order granting the Chicago & Northwestern railroad company the right to occupy a portion of Western avenue during the process of rebuilding the arch on that street. Adopted.

MR. DEFOREST'S OPEN LETTER

The Janesville Road Expert's Communication to University Professor.

An open letter to Prof. F. H. King, Agricultural Experiment Station, Madison, Wis. DEAR SIR: Your esteemed favor of recent date, in reply to my letter containing illustrations and descriptions of my invention, U. S. Pat. No. 598,857—Wheel Track, was duly received and noted.

Referring to your criticisms upon the same, I would kindly remark, 1st, that you cannot be familiar with the great strength and tenacity of vitrified clay. As a matter of fact an ordinary "paver" has withstood the crushing weight of 250,000 pounds. 2nd, in regard to the wheel-flange, I will say that the flange is four inches at base, with 2 inch rise (one-half circle), and solid with chamber walls. No weight could be placed upon an ordinary road wagon that could crush the flange. 3d, turnouts are provided especially for loaded teams as all light running vehicles could turn off or on at their pleasure. 4th, the material of my wheel track will be vitrified clay. It is the consensus of opinion of civil engineers that this is the coming-road material for the world. It has been used in Holland for 100 years, and for 30 years in the U. S. Provided with this data at hand we have only to consider the form we shall adopt to bring this great boon into general use.

If the form of my wheel-track shall prove unsuitable for a country road, it may be possible for others to improve upon it and thereby advance the cause of good roads.

I submit this invention as the result of 30 years study and effort in the cause of road improvement, and am ready to demonstrate that it is simple in form, durable as time and economical in construction. These are the main factors in highway requirements, I believe.

While the agricultural stations are engaged in many creditable experiments, should it succeed a method of country road improvement, which would enable our farmers to reduce the present cost of carrying their products to market, to wit: 25 cents per ton per mile, to 10 cents per ton per mile, that alone would result in the "greatest good to the greatest number," and would prove far more reaching in its beneficial effects than anything they have yet done.

To fully develop the agricultural and mineral resources of this state, it will require 300,000 miles of highways and any method of construction that will cause a reduction of \$1000 per mile of road, would effect a saving to the state of \$300,000,000.

Respectfully,

O. L. DEFOREST.

old frame and piling it up on the north bank prior to the auction. Miss Kate Shimeall, a young lady well known in Clinton, was married last week to Frank Snell of Chicago. The wedding took place Oct. 10th at the home of the bride's parents, Mr. and Mrs. Daniel Shimeall, in Chicago. Miss Shimeall lived several years each in Clinton and Shopiere. E. H. Cornwell, a Milwaukee druggist and a former Clinton boy, was married at Wauwatosa to Miss Florence Kershaw. His mother, Mrs. W. H. Cornwell, and sister, Mrs. J. F. Ramsey, of Clinton, were present at the ceremony. A novel but very interesting temperance concert will be given by the Menckley Trio at the Congregational church on Thursday evening of this week, Oct. 19. The low price of 10 cents admission will be charged. Their reputation where known insures a full house. George Dean and George Scott returned from Montana on Wednesday with three car loads of horses and colts, numbering nearly one hundred. They are to be sold at auction Tuesday of this week at Shopiere and it is claimed that they are the best lot of western horses that have been brought here. Mrs. Lottie Bennett returned from Chicago Thursday evening where she staid several weeks with her daughter who is taking treatment. The child has made a marked improvement although not as much as was hoped. Mrs. Bennett will return to the city with the little girl in about three weeks and continue the treatment. A Clinton creamery milk hauler is threatened with a law suit for abandoning a portion of his route. The aggrieved farmer, who contemplates serving a summons claims he has a contract with the hauler. Charles Gralke has the foundation complete for a new barn to be erected on his farm on the town line. E. P. Babcock and family ride a new surrey which makes a fine appearing turnout. Ben Carey, brother of E. M. Carey has been here lately on business. Mr. Carey learned the telegraph business in Clinton and followed railroading for many years. At present he is employed by an Omaha commission house at a good salary. Mr. and Mrs. S. G. Lake entertained Delevan friends over Sunday. Mrs. Geo. H. Crosby is staying at Mrs. John Harmond's this week. Mrs. Harriet Chamberlain has improved sufficiently to ride out in a wheel chair. The second Y. M. C. A. rehearsal will occur Wednesday evening of this week. James Winegar is putting up buildings in which to store corn and ice. Mrs. Miner of Turtle is a guest at J. T. Butler's. A large photograph of Admiral Dewey adorns the wall of the High school room. Mrs. S. A. Kennedy has gone to Waverly, Illinois being called thence by the critical illness of a brother. Mr. and Mrs. James McClusky spent Sunday with friends in Watertown. Ralph Miner invested last week in a car load of Chicago sheep which he has placed on his farm in Turtle. A man by the name of Oleson, said to reside in Janesville, went crazy on the streets here Saturday, and became so violent that it was necessary to lock him up. He is brother to a blacksmith employed by E. B. Rader. He will probably be sent to Mendota. William Furstner returned Thursday from a week's visit in Chicago. O. Hardin is having his house reshingled. F. A. Ames is doing the job. A string of six platform express trucks were hauled from the factory to the depot Monday morning. L. L. Olds is now storing potatoes in his new warehouse.

Men who are always in a hurry, and most men are, want a soap for the toilet that will lather quickly and freely in hot or cold water. Other soaps than Ivory may have this quality, but will likely contain alkali, which is injurious to the skin. Ivory Soap is made of pure vegetable oils, no alkali, produces a white, foamy lather, that cleanses thoroughly and rinses easily and quickly. Money cannot buy a better soap for the toilet.

RUSSIA AHEAD OF THE TIMES

Frauds in the Construction of the Siberian Railway.

It is not known that those in charge of the construction of the Siberian railway were ever under the tutelage of the members of the American Credit Mobilier, but, judging by reports that come from that region, they would have been apt pupils. They certainly have a trick or two that would put their American compatriots to the blush. It appears that the different works have been executed in a manner that shows very little conscience. Everything, or nearly everything, will have to be done over again before the authorities can think of throwing open this gigantic line to regular working. In very many places the road gives way on the passage of a train a little heavier than usual or traveling at a speed of more than twenty miles an hour, and accidents more or less grave are continually happening. More than usual courage is demanded of any one undertaking a journey on this railway. This construction a la Russe has already swallowed up hundreds of millions of rubles, or, to speak more truthfully, the constructors and not the construction have absorbed the millions. People are beginning to ask how it will finish. There is still more. Several Siberian journals, which are, moreover, closely controlled by the local censors, publish the following statements: "For several months the navy contractors have not been paid in cash despite the terms of their contracts. The engineers in charge, who represent the government, declared that they had no more money and the contractors must be satisfied with bonds, which the Siberian and Chinese banks have for some time discounted at 8 1/2 per cent. Frequently these bonds were not paid on falling due, and in consequence the banks refuse to act any longer as intermediaries between the government engineers and the contractors. It was only when one of these engineers, Prince A—, who had made a fortune, undertook to be personally responsible to the banks that they resumed the functions of discount brokers. But the prince's guaranty is somewhat costly, seeing that he claims a little fee of 15 per cent. The contractors are furious, but they find themselves helpless, owing to the clause inserted in all the contracts to the effect that disputes between the engineers and the contractors of the line have to be settled in St. Petersburg. To lodge a complaint 6,000 miles from the spot where the circumstances have occurred is at least inconvenient and would entail years' delay. The position of the unfortunate navies themselves can be imagined from the treatment of the contractors. Their wages are paid very irregularly and always with deductions. Badly fed and badly lodged, it is not surprising if they give only half a heart to the work."

THE MAN BEHIND THE PLOW

It is not easy for the man behind the plow to make up his mind that the present conditions are good enough for him, and that he will oppose any new political experiments at the next national election. A bad currency injures the farmer as severely as anybody. Anything that shatters business confidence and puts a stop to new industrial enterprises hurts the man behind the plow by killing his home market for agricultural products. It injures the merchant and manufacturer as well as the workingman and farmer, because we must all suffer or enjoy the same conditions. The business world is intensely desirous that there should be no check to prosperity next year, and will do all in its power to keep things as they are. Will the man behind the plow do the same?

Agriculture is the greatest American industry, employing more men than any other. The army behind the plow is as potent for good or ill as the army that conquered Spain. The men behind the guns won victory by their straight shooting, and the men behind the plow must do their share by straight thinking. Any crooked reasoning that will shake the foundations of the present superb prosperity would bring defeat and loss to the farmers of the nation as quickly as to any other class. The name of the party in power matters nothing. We only know that the principles now in force are the foundation on which we have built up the greatest business—foreign and domestic—that the country has ever had. It is important that none of these foundation stones are wrenched out by indulging in any political experiments, or even by arousing a suspicion that any such experiments are possible next year. To a considerable extent it rests with the man behind the plow to say that nothing of the sort shall happen.

It is one of the misfortunes of our system of government that it subjects the whole business of the nation to a season of dread and fear of change once every four years. When a presidential election comes during hard times it makes the times temporarily worse, and when it comes in good times it often checks activity. The harm is in direct proportion to the uncertainty. There is no reason why there should be any such harm at all in 1900, because there need be no doubt as to the result. If the commercial world and the agricultural world will join hands and say they will let well enough alone, there will be no trace of an election year slump. If there is an expansion question to solve, nobody is likely to do it better than the president, who is acquainted with it from its beginning. If there is any currency legislation needed, let the party do it that has ushered in the present prosperity. Stability is all that is needed now in order to carry the present wave of activity, not only to the beginning of the next campaign, but far beyond 1900. It is not too early for the man behind the plow to declare that he is not going to pull up his prosperity by the roots to see if it is growing. —Chicago "Dry Goods Reporter."

Street Commissioner N. Fredricks is a hustler, and is about the most efficient man that has ever held the place. He does his street work with "neatness and dispatch," and finds time to serve all sidewalk notices, in addition, before the ink on them has had fairly time to dry.

And it will be noted that when the president speaks of "holding our own," the populace rises up and cheers.

such that it is deemed 'prudent' that she be asked to join, and for that purpose Count Muraviev has already gone to San Sebastian, where the court now is, to propose the alliance to the queen regent and the Spanish statesmen.

It would be an extraordinary close for the nineteenth century if it witnessed the proclamation of the United States of Africa, the United States of Europe and the United States of America.

Asia in the French plan would be merged into Europe, Russia with Siberia taking northern China and Afghanistan and gradually encroaching upon India.

France, with its possession in Tonkin and with the magnificent coast of Annam, Cochinchina, and Siam, shutting in India on the east, as Russia will on the west.

Concessions will be made to Germany.

This is the bold plan continental diplomats are dreaming of executing, as they claim Great Britain has no right to hold its domineering attitude unless it has sufficient military strength to uphold its pretensions, and Great Britain is now without a continental ally.

TWO TRAMPS TRIED TO STEAL CLOTHING

Hobos Are Caught in the Act At Frank H. Baack's Store and Are Now in the Lockup.

Two wandering tramps walked into Frank H. Baack's West Milwaukee street clothing store at 8:30 o'clock this morning and asked to be shown some trousers. While the stouter man of the two was engaged in conversation with the clerk Louis Hemmens, the other hobo walked behind the counter and took two pair of pants beneath his coat. He then attempted to walk out, but Mr. Hemmens was aware of his little game and pulled the trousers from beneath the buttoned coat. The two tramps then attempted to explain matters but being informed that nothing short of a cash settlement would prevent their arrest they then both turned their pockets inside out managing in all to find a total of seventy cents.

Then they left in a hurry and made their way to the Chicago and Northwestern freight yards where they were arrested by Chief Hogan.

At the lockup they admitted their crime. Chief Hogan says that the men are old time tramps in this section of the country and have been hanging about Janesville during the past few days.

Wireless Telephoning.

The first practical application of the principle of the wireless telephone is said to have taken place with excellent results at Brussels. A short time ago a violent storm broke the wires connecting the telephone subscribers at Ixelles with the central telephone offices in Brussels, and it was declared that it would take about three weeks to re-establish communication. Somebody connected with the telephone service then suggested a trial of telephoning without wires until the damage could be repaired. The suggestion was taken up, and some experiments were made which proved so successful that the inhabitants of Ixelles have since been telephoning to Brussels with as much facility as when the wires were intact.

The Grand Canyon's Hermit.

Philadelphia Record: The grandeur and immensity of the Grand Canyon of the Colorado is perhaps one of America's most wonderful natural evolutions, yet it is not more interesting than one of its old characters. Capt. Hance, an old frontiersman of eccentric manners, relates William Dick, assistant secretary of the board of education, who has just returned from a month's trip to the "Great West," lives on the edge of the gorge in utter desolation. Here he has made his home for twenty-two years with an only dog as companion. Though cut off from the world and its strifes, he is well informed upon national and foreign happenings. He is a devouring reader of the newspaper and an inveterate talker.

'NEATH THE PALL OF SORROW

Mrs. H. P. Gallup.

Susan E. Loman was born in Newark Sussex County, New Jersey, Jan. 12, 1834. At the age of twelve years she came with her parents to Medina, Lenawee county, Mich. July 4, 1853, she was married to Harper P. Gallup, and with him went to Brandon, Wis., where they stayed three years. Then they came back to Medina, Mich., and lived there until 1883, when they went to Covour, Beadle county, S. D., where he died, June 10, 1895. To them were born four children John L. of Lakeside, S. D., Mrs. O. J. Wells of Janesville, Wis., Mrs. W. G. Nichols of Lakeside, S. D., and Charles E., of Medina, Mich.

After the death of her husband she endured many hardships, breaking down her health, so that she could not care for her household duties any longer, so she came with her daughter to Janesville in November 1898, where she was treated for what proved to be an incurable cancer. She has been a great sufferer, but she bore her sufferings with Christian fortitude, ever trusting in her Savior with a perfect trust. She had been a faithful Christian for many years. She departed this life Oct. 16, 1899, leaving behind her a memory long to be cherished in the hearts of her many friends.

The remains will be taken to Dakota for interment.

Miss Mary Hall

Miss Mary Hall died at the home of Mr. and Mrs. James H. Burns, 165 Prospect avenue, at 7:30 o'clock last evening, aged eighty years. Miss Hall was a woman of many good traits. She was a native of Ireland and had resided in Janesville for fifty-five years. Her death was due to the infirmities of old age. She leaves a sister, Mrs. Matthew Sullivan of this city, and a nephew, D. F. Sullivan of Rockford, Ill.

The funeral will be held from the home of Mr. and Mrs. Burns at 9 o'clock tomorrow morning, and afterward from St. Patrick's church.

Funeral of O. K. Bennett

Funeral services over the remains of the late O. K. Bennett were held this morning at 10 o'clock from Christ church. Rev. A. H. Barrington officiated and the interment was in Oak Hill cemetery.

The honorary pall bearers were Dr. J. B. Whiting, E. E. Fifield, Hon. Hamilton Richardson, F. E. Stevens, Hon. A. P. Lovejoy and Hon. Hiram Merrill. The active pall bearers were: W. G. Wheeler, N. L. Carle, W. E. Evenson, C. B. Conrad, H. V. Allen and William Ruger, Jr.

John Lienow

John Lienow died at 11:30 o'clock this morning at his home, 36 North Main street. The cause of his demise was lung trouble.

Mr. Lienow was seventy-years of age and for many years was a resident of the town of Porter. A wife and stepdaughter are left to mourn his loss.

The interment will be made in the cemetery at Cooksville.

Burton Butler

From the Madison street home of George E. Tanberg yesterday, services were held over the remains of the late Burton Butler. At the close of the services the remains were taken to Monroe for interment.

Baby Tucker

Mr. and Mrs. Albert Tucker are mourning the loss of their infant child, whose death took place Sunday.

Interior Department Budget.

Washington, Oct. 17.—The interior department estimates for the fiscal year ending June 30, 1901, aggregate a grand total of \$170,500,000. This amount includes \$145,172,000 for the entire pension service, of which \$144,000,000 is for all army and navy pensions.

He Was "Catnipped."

While lost none of the details of the kidnapping of the Clark child, which his parents discussed frequently at meal time, thoughtless of the breathless interest of their 7-year-old son. The family is at its country home, and Willie spends much of his time feeding the fish in the pond which is in a sheltered nook on the place. The other day he was bending over the water watching some goldfish eating bread crumbs, when he saw in the water the exaggerated shadow of a roughly dressed teamster who had come into the place to get a drink of water. Turning, he saw the man, whose aspect was terrifying to the lad, and Willie rushed to the house, screaming frantically, "I am catnipped!" and it took his mother some time to persuade him that he was not.

Make an Interesting Find.

Some chalk diggers have made an interesting find of a skeleton at Swanscombe, Kent, England. It was that of a short, very thick-set man, and it is thought he was probably a Roman. A careful search was made for coins or weapons, or anything that could give a clue to the period or nationality of the skeleton, but nothing was found except some flints, rudely shaped with some kind of splitting or chipping implement. The skeleton must have been where it was found for many hundreds of years. It was in the heart of a chalk hill which had never been excavated before.

Novel Business.

An association of London women conducts the congenial business of caring for window boxes and growing flowers for balconies and small garden dens. It will take the contract of filling a box window, a conservatory, little or big, or will look after the half dozen or more drawing-room plants that one may possess.

Helen's Medal.

If Miss Helen Gould were to appear in public decorated with all the badges and medals she has received since the beginning of the Spanish-American war she would rival a commander of the German army on gala day.

BURGLARS AT WORK AT A RECTOR'S HOUSE

REV. F. L. MARYON OF TRINITY
CHURCH, IS VISITED.

Noise Awakened Him, and Armed With a Pipe That Looked Like a Gun He Sallied Forth to Give Them Battle—The Man Made His Escape.

Burglars made a bold attempt to enter the residence of Rev. F. L. Maryon, 104 West Bluff street, at 8:30 o'clock this morning.

A noise in the sitting room window awakened Rev. Mr. Maryon and attired in his night robes he made his way to the scene of trouble aided by the light of the moon. As he entered the sitting room the intruder made his escape without having even succeeded in raising the window.

Chief of Police Hogan was notified this morning and he was soon on the scene of the attempted robbery. Marks on the window sill plainly indicate that the work of prying was accomplished with a burglar's tool. Beneath the window a small flower garden and into this the robber walked, leaving his foot marks. These marks were carefully measured by the police and will furnish a valuable clue to work on.

Chief Hogan is of the opinion that the work is not that of local talent. Suspicion rests on strangers that have been in the city of late and arrests may follow at any time. Rev. Maryon said this morning:

"Just why robbers should select me for a victim is more than I can tell. I was awakened at about 8:30 o'clock by a rattling noise that came from the sitting room. My wife also heard it at the same time. Our dog also heard the sound and he was soon on the scene of trouble. On reaching the ground floor I located the noise in the sitting room and at once realized that burglars were trying to enter. I had no revolver in the house so I secured an old pipe that looks like a revolver. With this I went to the window. The robbers must have heard me as they decamped. The lock on the window was broken but a nail held the sash fast."

DRIVING ON NEW PAVEMENT

South Side of Milwaukee Street From High to Jackson Street.

Paving on the south side of Milwaukee street from High to Jackson street, has been completed and that portion of the thoroughfare is now open for traffic. The brick forms as solid a foundation as cement and will undoubtedly last many years.

The work of paving the north side of the street has commenced and is being rushed to completion.

The foundation workers are now nearing Franklin street, and the work of removing blocks between Franklin and River streets was commenced yesterday.

CHURCH MEMBERS FORM CLUB

Will Take the Place of the Fortnightly Organization.

Members of All Souls' Unitarian church have decided on the formation of a literary club to take the place of the Fortnightly club. The subject to be discussed this winter is "Review of the Progress of the United States During the Nineteenth Century."

The meetings will be held at the homes of the members once every two weeks.

The following committee was appointed to complete arrangements: Mrs. Walter Holmes, Mrs. C. S. Jackson, Miss Ida Harris, William Smith, Dr. Hugo Speier and Rev. A. G. Wilson.

"AUNT JERUSA" IS NEXT

Music and Vaudeville Will Be the Feature Tomorrow Evening.

"Aunt Jerusa" is coming to the Myers Grand Wednesday evening, Oct. 18. The company is composed of fifteen capable New York dramatic and vaudeville players. Clever singing and dancing specialties, grand scenic effects and the celebrated Bitterroot Farm Quartette, all conduce to an enjoyable evening's performance, and one that will be appreciated by local playgoers.

BELOIT ELEVEN PLAY HERE

Galbraith and Farmer played the star game for Janesville.

An Announcement.

Since a general impression seems to prevail in Janesville and vicinity that Dr. W. F. Roberts has taken up his residence in Chicago since he was elected to a professorship in Dunham Medical College, therefore the doctor wishes to announce that his work in the college will not begin until next January; and then he will only be away for a few days at a time; that his residence will continue to be in Janesville, where he holds himself in readiness to attend to the wants of those wishing to employ a physician of such a long and varied experience as he has had in treating difficult cases, and in curing a large percentage of cases which were supposed to be incurable by some very eminent physicians, such as paralysis, Bright's disease, locomotor ataxia, among the chronic diseases, and the worst forms of diphtheria, typhoid and scarlet fevers, etc. Residence 114 Fourth avenue; telephone 343; office over Bort, Bailey & Co's store on the bridge.

WILL REMODEL THE POST OFFICE BLOCK

A. P. LOVEJOY TO EXPEND
GOODLY SUM.

Bonesteel Mill to be Utilized For Space—Two Stores Will Occupy the Place Where Uncle Sam Now Transacts Business—Smith's Drug Store Effected.

Hon. A. P. Lovejoy will make improvements of a costly nature in the present postoffice building, the remodeling to commence as soon as Uncle Sam sees fit to vacate. The cost will be about \$4,000.

Mr. Lovejoy, in speaking about the change, says that he will soon place the question of remodeling in the hands of an architect. Two stores will occupy the space of the present building. They will each be about one hundred and fifteen feet deep as it is the intention to run through and occupy the present Bonesteel flouring mill located on the race. New side windows will also be put in facing the alley on the west. A model plate glass front will face Milwaukee street. The building adjoining on the east and occupied by Smith's pharmacy is also the property of Mr. Lovejoy.

When the present postoffice block is remodeled it is the owner's intention to improve his adjoining building by adding to it in depth to the extent of several feet. Light space will be left in the rear.

In both buildings the best of sanitary improvements will be made and no expense will be spared to make the buildings complete in every detail. Mr. Lovejoy said:

"It will probably be some time yet before I remodel the block. I am waiting for the government to vacate. The total cost is hard for me to estimate at present, but it will take somewhere near \$4000. I shall also improve the store now occupied by Smith's pharmacy."

GOLDEN WEDDING TO BE CELEBRATED

CARLOS BROWN AND WIFE
WEDDED FIFTY YEARS.

Happy Event Will Be Remembered at Their Fourth Avenue Home This Evening—Are Well Known and Highly Respected—Have Resided Here Many Years.

Fifty years ago today Mr. and Mrs. Carlos Brown of this city, were joined in the holy bonds of matrimony. This evening, at their home, 109 Fourth avenue, they will celebrate their golden wedding anniversary surrounded by relatives and friends.

During the past few weeks preparations have been quietly going on and the occasion this evening is intended to be in the nature of a surprise.

Mrs. Brown's maiden name was Lucia A. Ross and she was born at Middlebury, Vermont in 1827. Mr. Brown was born at Malone, N. Y., in 1822. On October 17, 1839, Mr. and Mrs. Brown were married. Instead of taking the usual wedding trip as is the custom in these days, the happy couple at once started for the west to make their fortune. Wisconsin was their destination and after a tiresome two weeks' journey by water they landed in the city of Milwaukee.

Not finding business prospects good in the Cream City Mr. and Mrs. Brown traveled overland to Beloit, going via Janesville. On reaching the Line City they decided to return to Janesville and take up their residence.

For the past fifty years Mr. and Mrs. Brown have resided in the Bower City, where they have made fast friends without number who will join in wishing them many continued years of happiness.

Their union was blessed with two sons who have preceded their father and mother to the unknown beyond.

Forty invited guests will take part in the celebration this evening. The home has been handsomely decorated with autumn leaves and pansies. Among those from out of the city who will be present are: Mrs. Raymond, Green Bay; Mr. Boyes, Evansville; Mr. and Mrs. Fryer, Kansas City; and Mrs. Mary Bostwick, Connecticut.

REV. MR. BROBST'S LECTURE

Interesting and Instructive Entertainment at Court Street Church

The audience at Court Street M. E. church last evening was charmed by the exceptional entertainment and instruction. Over one hundred large stereopticon pictures were given last night, illustrations on the elegant lecture on "The Last Days of Pompeii." Some of the pictures were doubtless superior to any ever seen by a Janesville audience. Many of the views were vivid in distinctness. Many were delicately and exquisitely colored. Some were lurid with terror. The views of the gladiators, of the race course and chariot races were very good. And some of the views of scenery about Naples were superb. Dr. Brobst spoke calmly, using very choice language. He described the objects of interest at they were thrown on the screen, and told at some length of the destruction of Heracleum and Pompeii. He wound up his lecture with an apostrophe to love and God's love is particular. The people who attended will remember the evening with pleasure, ever have a clearer idea of the old pagan cities described, and of the splendid but wicked and effete civilization that blazed like fire and like fire turned to ashes.

SOME RECKLESS SHOOTING

Bullet Passed Close to the Head of K. W. Bemis.

Reckless shooting by some unknown person, came near causing injury to K. W. Bemis of the local farm implement firm of Bemis & Lamb. While seated at his place of business on Court street bridge, Mr. Bemis was suddenly startled by the breaking of glass. Investigation proved that a bullet had found its way through the glass and lodged against an iron pipe.

Where the bullet came from or who did the shooting is at present a question to be solved.

MUCH DEPENDS ON PROPERTY OWNERS

ST. PAUL ROAD OFFICIALS HERE TODAY.

Assistant General Superintendent Bush and Division Superintendent Earling Express Their Opinion On the New Line to Enter Janesville—Right of Way May Cost Too Much.

Assistant General Superintendent D. L. Bush and Division Superintendent H. B. Earling of the Chicago, Milwaukee & St. Paul railroad, arrived in Janesville this morning at 9:30 o'clock in their private car, coming from Milwaukee.

Local officials of the road say that it is not at all likely that their trip here was on matters pertaining to the new line that is to enter Janesville, coming from Libertyville.

When interviewed Division Superintendent Earling said:

"That the Milwaukee road intends to soon run a line into your city, starting from Libertyville, is no longer a guarded secret. But just when and where they intend to enter, is a question that I am unable to answer.

It will depend on how the citizens of Rock county and Janesville take the matter in hand. That it will be a good thing for Janesville there is no doubt. It will mean the shortening of the distance between Chicago and St. Paul at least thirty miles. The cost of right-of-way through Rock county will have much to do with the completion of the line. It is like any business deal and if the farmers ask to high prices for their property it will hinder the work."

Assistant Division Superintendent Bush said:

"Janesville is going to have a new line but just when is a question that I am unable to answer. Just at present I am unable to give you any definite information any more than that the work has progressed as far as Fox Lake."

SHURTLEFF TO FEED Y. P. S. C. E. DELEGATES

RENTS WINDSOR HOTEL FOR THE OCCASION

Twenty Waiters and Ten Cooks Have Been Engaged to Look After the Hungry—Making Preparations For Five Hundred—Many Christian Endeavorers Heard From.

George A. Shurtleff, the well known local caterer, has been awarded the contract to serve meals to the delegates that will be in the city this week to attend the state convention of Young people's societies of Christian Endeavor.

Mr. Shurtleff has rented the Windsor hotel, corner of Main and North First streets, and is making preparations to feed five hundred delegates three times a day. The first meal will be dinner on Thursday, the last meal to be dinner on Sunday.

Twenty waiters have been engaged to look after the visitors, and no one will be allowed to go from the table hungry. Fifteen of these waiters will be students from the local school of telegraphy.

Ten cooks will look after the work to be done in the kitchen.

Mr. Shurtleff said this morning that all meals would be served on the first floor of the hotel. Long tables will be placed in the office, dining room and halls. The prices of meals will be the same to all—twenty-five cents.

The first delegates are expected to arrive tomorrow. The greater portion will come Thursday.

Notice.

Owing to extra work consequent upon preparing for the Christian Endeavor convention, which will detain many of our members, it has been decided by the board of management to postpone the meeting of the Janesville Choral society for one week.

LATE NEWS BY TELEGRAPH.

RAMSAY SURETIES ARE OUT, FOR DEMOCRATIC SUCCESS.

Cannot Recover from the Estate of the Late Treasurer of Illinois.

Springfield, Ill., Oct. 17.—In a decision prepared by Justice Wilkin, the Supreme court Monday decided that the Chicago bankers who signed the bond of the late State Treasurer Ramsay, and who lost \$363,539.52 by reason of his defalcation, are not entitled to recover from the Ramsay estate. The decision was given in the case of the estate of Rufus N. Ramsay against Whitbeck and others. In the decision the court declares that the bankers became Ramsay's bondsmen because he had agreed, in violation of law, to loan the banks in which they were interested large sums of public money, at the rate of 2½ per cent on monthly balances.

It is admitted by the court that there is no direct evidence that this was the consideration, but it says that all the circumstances taken together prove conclusively the existence of the illegal agreement, which was in direct violation of the criminal code. The appellate court had held in this case that the claimants had the right to recover, but the Supreme court accepts the opinion of the dissenting member of that body, Judge James A. Creighton, and the opinion of Circuit Judge Wall.

Holdup Laid to Farmers.

Chicago, Oct. 17.—Special Agent Riley of the Chicago & Northwestern railroad has made his headquarters at Maple Park, Ill., five miles east of the scene of the express train robbery last Friday night. He is scouring the surrounding country with a large force of detectives, in the hope of finding a working trail of the bandits who blew up the American Express company's safe. He is acting on the theory that the robbery was committed by farmers or men residing in that section of Kane county, within a radius of ten miles, working with the help and perhaps under the direction of a railroad man from Clinton, Iowa.

Rival for the Wire Combine.

Pittsburg, Pa., Oct. 17.—The Union Steel company, with a capital of \$1,000,000, which will probably be increased to \$10,000,000 next spring, has been formed here by Pittsburg capitalists for the purpose of competing with the American Steel and Wire company, known as the wire combine. The largest and most complete wire mill, rod and steel mill plant in the United States will be erected at Monessen, by the company.

Paper-Makers Plan a Trust.

New York, Oct. 17.—Plans have been maturing for some weeks past looking to the consolidation of all the paper manufacturers of the country grouped in those now independent mills which manufacture wood pulp board, paper pulp board and straw board. All told, 100 or more mills are interested in the projected consolidation scheme, and the amount of capital involved is about \$50,000,000.

Mine Operators Agree to Scale.

Springfield, Ill., Oct. 17.—The state officers of the United Mine Workers of America received a telegram Monday that the operators of the coal mines at Gilchrist and Wanlock, Mercer county, employing 300 miners, agreed to pay the state mining scale of 55 cents. This is the first time in the history of these mines that the scale has been paid.

DEMOCRATIC LEADER URGES THE SUPPORT OF THE TICKET.

Louisville, Ky., Oct. 17.—The first day's trip of the Bryan-Goebel party through Kentucky commenced Monday morning at Cairo, Ill., the first speech of the day being made at Bardwell, Ky. In his address Mr. Bryan demonstrated his purpose to urge the support of the democratic state ticket headed by William Goebel for governor. He held that the question of whether or not the next president of the United States was a democrat depended largely upon whether Kentucky was democratic this fall.

In national matters he assailed the attitude of President McKinley as related to the Philippine islands, asserting that the president's declaration that congress would care for the islands was a subversion of the declaration of independence, and the first to be openly made by a president of the United States. The declaration of the president suggested the use of the word parliament, instead of congress, and recalled the colonial days and policy of King George. The islands did not and could not belong to us simply because we had paid a decaying monarchy for them. The silver question and the Chicago platform as a whole form the vital questions to be solved in the coming political contest of 1900.

He also spoke in Fulton, Mayfield and Burton. From Princeton, Ky., the special diverted to Hopkinsville. There were liberal decorations at Hopkinsville and much enthusiasm. From Hopkinsville the party proceeded to Norton, and the next stop, just as evening came on, was at Circle City. The crowd here was enthusiastic, especially on state topics. From Circle City the special sped on to Litchfield, the last stop of the day, prior to passing the night at Louisville.

GOOD YEAR IN MISSION WORK.

Christian Church's Society for the Foreign Field Reports at Jubilee.

Cincinnati, Ohio, Oct. 17.—At the Christian church jubilee convention Monday the work done by the Foreign Christian Missionary society was considered. The report for the society read in part as follows: "The receipts for the year amounted to \$152,727—c gain of \$21,801. The churches, as churches, gave \$56,781, a gain of \$11,131. The contributing churches numbered 3,051, a gain of 144. The Sunday schools numbered 3,180, a gain of 7. Nearly 12,500 children raised \$1 or more each, a gain of \$5,632. There were 16 bequests, amounting to \$9,330. The society received on the annuity plan \$22,425.

"Two missionaries were sent to Africa, one to India, two to Japan, one to China, and four to Cuba. The great need of the society is men to serve as evangelists. There is no lack of young ladies; ten offer where one can be sent. As soon as the war is over, the society expects to send some men to begin work in the Philippines."

Germany Would Rule Samoa. Berlin, Oct. 17.—Apropos of the London Times' suggestion that the United

States and Great Britain cede Samoa to Germany, the Cologne Gazette, says the idea finds widespread approval. Germany will do all in her power to obtain sole and lasting control of this group, and would gladly welcome an arrangement to this end with Great Britain and the United States, and adds: "In the case of the latter powers it is only a matter of fixing a price on their commercial interests in the islands."

Mayo Indians Join Yaquis. Austin, Texas, Oct. 17.—A dispatch from Ortiz, Mexico, says that a band of over 300 Mayo Indians has joined the Yaqui rebels at their rendezvous near Sanauripa. In the previous wars of the Yaquis against the government the Mayos refused to become their allies, and the present action of the younger Mayo braves is strongly disapproved by the older element of the peaceable tribe.

WHERE THERE ARE NO TAXES.

Inhabitants of Loud's Island on the Maine Coast Pay None.

Loud's island, on the coast of Maine, near historic Pemaguid, in the Lincoln county town of Bristol, is one of the very few places on earth where there are no taxes. This island, otherwise known as Muscongus, was overlooked when Maine became a state, and was put into no town or county. It is said that during the war the people cast their votes for a time in the town of Bristol until some election officer discovered the illegality of the vote. The island was first settled by John Loud, a deserter from a British man-of-war, and his great-grandchildren are now prominent inhabitants. By voluntary contributions school is maintained, the parents paying \$4 for each child. The school term averages eight months in each year, and there is an average attendance of eighteen scholars. Catching bait for the fishermen of Boston, Gloucester and Portland is the most profitable business of the people, but when bait is slack in running they turn their attention to lobstering, mackerel fishing and catching porgies for the big oil and fertilizing factory opposite the island in Bristol. After a successful haul of bait a large white flag is hoisted on the high ground in the center of the island. With a glass it may be discovered far out at sea, whence come the Grand Bankers and others like buzzards attracted by the casualties of battle. The people have comfortable homes, and are prosperous and contented. Like the fishermen of Deer Isle, they are famous for their skill as sailors.—Portland Press.

Mayor Quincy, of Boston, recently ordered the heads of the various municipal departments to ascertain how many horses and vehicles are under their control. The returns show that the city owns 1,023 horses and 976 vehicles. Of the former \$49 are draught horses and 176 are used for driving.

UNUSUAL FIGURES

By which we mean short, stout, tall and thin men imagine that they cannot get clothes to fit unless they are made to their measure. To such we issue a most pressing invitation to give us a chance at them.

The Rogers, Peet & Co.'s Making of Fine Clothing ::

is such a science that, as in shoes, several dimensions of each size are made, from which any shaped man can be fitted; though sometimes it is necessary to make slight alterations.

These clothes are in every respect as good as made to measure garments

and men of unusual figures can save just half the price.

Suits and Overcoats, the same as regular sizes Rogers, Peet & Co.'s fine Overcoats and Suits,

\$15 to \$35.

Other good makes, \$8.00 to \$18.00.
